TRAINING AND LEISURE WEAR

Surridge appreciate that the game extends far beyond the rigours of the playing court, which includes the numerous hours invested in training and travelling to and from games.

However, Surridge realise that both training and leisure wear still needs to be able to perform, both on and off the field. The Surridge range of training and leisure wear is extensive and stocked in the UK, which means accessible and prompt delivery.

The Surridge reputation of high quality comes as standard across the entire product range.
